4(2) Not sound, not justified The Local Green Space conclusion for the site is if the current planning application was approved it would result in the site not being able to endure beyond the end of the plan period. There is no indication of what will happen if the planning application is refused. I assume that the Local Green Space application would then be capable of enduring? References to planning applications are causing the confusion. Local plans are used to decide planning decisions (NPPF 11). The outcome of a forthcoming planning application has no right to be used in determining local plan recommendations.	Remove the final paragraph of the 'sustainability assessment' on page 2. This removes the only objection to the Leconfield Road site being assigned Local Green Space designation. It must now be given Local Green Space status.	No
