WHY PLAN NOT SOUND	MODIFICATIONS	HEARINGS	HEARING SESSIONS
We as a family feel that another 700 homes would severely impact the current infrastructure of all the access roads into and out of Barrow upon Soar, as they are all subject to lengthy delays at peak times and also when Slash Lane and other roads are impacted due to flooding and the numerous times Severn Trent are dealing with issues regarding the village overstretched sewage systems on Bridge St., which again creates queues backing up to both the A6 and Quorn roundabouts. All the above issues have repeatedly been former concerns with the previous additional housing in Barrow, which we are sure have not been addressed satisfactorily and without Major Infrastructure improvements these issues must be of the utmost Importance before another 700 homes are considered.
