Proposed Developments in Thruscington
HA67 and HA68

Dear Sir/Madam,

I wish to strongly object re the Charnwood Borough Council Draft Local Plan. I am worried about the mayhem that the traffic will cause going through this small village. I have to come from my road, across the front of The Star Inn, to get onto the main road that runs through the village to go anywhere. There is hardly any car parking at "The Star" & with the customers & residents' parking it is extremely hazardous driving by. With all the extra houses being planned there will be at

least 2 or more cars per household & the traffic will increase far more.

Also there is no Gas service to the village.

When we have downpours of rain some of the villagers are threatened with flooding and in fact are at times. The new developments proposed drainage will add more risks to overloading the watercourse system.

I wish my objections to be noted at the Public Inquiry

Yours faithfully
