A housing estate of this size will severely impact the countryside and our precious Outwoods. The amount of people, pollution and cats will destroy wildlife and countryside. The Outwoods has been here for generations and a housing estate of this size along with the site near Woodthorpe could destroy it. Please consider other areas in Charnwood away from this site of beauty and tranquilty. Please let us leave this area green for the next generation as at the moment you are turning this area into a concrete jungle. People need their mental health preserved. Being able to look at fields of different colours and the woods has brought peace and joy to many. Please don't destroy it.	Build some where else.	No
