FULL NAME	DUTY TO COOPERATE	LEGALLY COMPLIANT	SOUND	WHICH PART	WHICH PARAGRAPHS	WHICH POLICY	WHICH POLICY MAP	WHICH DIAGRAM	WHICH TABLE
Mr Damian K. Kirk	No	Yes	No	Policy, Policies Map		Charnwood local plan and building of new dwellings in and around Quorn fro example HA15 for 120 houses. The quarry just on the edge of Quorn.	HA15,ha16, ha17, ha50, ha20, ha19		

WHY PLAN NOT SOUND	MODIFICATIONS	HEARINGS	HEARING SESSIONS
This is the first time I have ever felt the need to get involved in such matters. I feel with the planning developments now underway there is a complete disregard for: - the environment - Charnwood and Surrounding areas meaning something with regards to natural habitats - the local residents opinions - the lack of infrastructure to support any further developments is completely inadequate. - there is a far greater need it seems to satisfy government targets than there is to satisfy the health and well-being of the habitat and residents of the areas impacted. Made even worse by the fact that taxes and payments in all forms have increased in the past to help protect such areas and pay for increased infrastructure and services and now clearly we were misinformed on all of those occasions. Whilst there maybe a legal case being followed here sometimes us humans on this planet need to look beyond ticking boxes legally and look at what we are doing to ourselves, our environment and our Health. I hope there are some sensible humans reading this who actually care. These should not go ahead and I will, for the first time in my life get fully involved in trying to stop these unnecessary, unwanted and destructive plans/developments. Thank you Damian [redacted]	Please see previous comments	Yes	[redacted] im able to argue a point professionally and succinctly and believe what is planned here albeit legal is not supported by anyone at all in the areas impacted and they need representing fully.
