ALS13	HA43 Diagram LUC1 Loughborough Urban Centre LUA1 Leicester Urban Area		The plans as published emphasise the need to retain the character and open spaces of Charnwood Forest and preserve the unique character of the villages. Although there is minimal development planned within Newtown Linford the large expansion planned for West Anstey will increase the pressure on the surrounding roads and junctions . This large expansion will also create problems for the existing Doctors surgeries – there is little space in the Anstey practice already. We do feel that the large increase in the number of households within 10 miles of Charnwood Forest and Bradgate Park (in the Loughborough and Leicester urban extensions as well as Anstey) will require careful planning to enable safe access and accommodation for the increased number of cars, as there is very little public transport to these regions. We are pleased to see the emphasis of 'green wedges' between existing settlements and would like to see these protected in future.		No
