WHY PLAN NOT SOUND	MODIFICATIONS	HEARINGS	HEARING SESSIONS
The Housing Allocation within the Wreake Valley corridor from Syston to Rearsby is disproportionate when viewed against an absence of allocations to the north in Burton and Walton on the Wolds, Ratcliffe and Seagrave, despite many opportunities presented for infill. Equally disproportionate is the allocation to the Soar valley corridor when viewed against lacunae to the west in Woodhouse, Woodhouse Eaves, Swithland, Cropston or Newton Linford. This policy of ribbon development interspersed by minimal - often single field - zones of separation is precisely what planning should obviate. Specifically HA 60 reduces separation between East Goscote and Rearsby to a single field and makes infill between HA 60 and HA 66 a virtual certainty in the future. East Goscote has already furnished a large number of new houses as has Rearsby. Future development should be directed at those areas that have failed in this regard and thus avoid ribbon urbanisation.		No
