Subject: Objection to the Thrussington proposed housing plan

Valerie Brightwell, [redacted]

I feel I have to object to the planning application on several counts.

1. The parking in Thrussington, is already at a very high percentage, the local public house/b & b establishment, only has very limited parking for the rooms they let out. Ratcliffe Road is virtually single track! with all the parking, and Rearsby Road towards the bridge, gets very conjested.
2. There have been previous sewage flooding in my driveway, (twice), STW have paid compensation, and the council have cleaned up. It seems the small sewage building on Rearsby Road, is inadequate now to deal with it, so, more houses would probably cause more problems.
3. There is no bus service in the village , not even a skeleton version.
4. The excess rainfall is catered for by the culvert at the bottom end of the Green, this is carried underground past my property, which, mixed with sewage comes up the drains on my property.
5. When heavy rainfall comes, it drains from Old Gate Road and Regent Street, to fill the road on the bottom of the Green and makes the road impossible to cross on foot.

Valerie Brightwell (Mrs)
