WHY PLAN NOT SOUND	MODIFICATIONS	HEARINGS	HEARING SESSIONS
4(2) Not sound, not consistent with national policy From the Assessment Study for the Local Plan carried out by Nortoft Partnerships in 2017 [1], in Nanpantan Ward a provision of 2.45ha of Amenity Green Spaces, Parks and Gardens is shown. This gave a shortfall of more than 5ha in the area. However, before the Assessment Study, Nanpantan in fact lost a further 0.43 ha at Kirkstone Park (confirmed by the Council [2],[3],[4]) and we have only just over 20% of the amenity green space specified in the provision standard [1]. The figures are unsound and need to be corrected.	Insert the correct figures or provide an addendum with the corrected figures References [1] Nortoft Partnerships.
