WHY PLAN NOT SOUND	MODIFICATIONS	HEARINGS	HEARING SESSIONS
I appreciate the need for new housing but would urge that locations should be chosen for the least environmental impact in terms of loss of habitat/bio-diversity. I agree in principle to the areas being targeted but it is clear that smaller villages such as Burton-on-the-Wolds are being threatened by new development is locations which are not in the plan. The latest one off Loughborough Road is in an area which has been prone to flooding in the past. The new natural burial area is a great idea but it will be a real shame to build on the area adjoining it. I applaud you on your aspiration to improve Rights of Way and create links between places for walkers, cyclists and horse riders.We are all vulnerable road users and have the same need to be able to get from A to B or exercise in the countryside in a manner of our choosing. I hope that you will be able to deliver the suggestions put forward to your officers at the Charnwood Area AGM of Leics & Rutland Bridleways Association and that you also ensure that the impact of new development on the existing Row's is minimised and that any new off road tracks created within a development have a multi-user designation. Surfce choice needs to be suitable for all.		No
