Lost open space needs to be restored

4(2) Not sound, not positively prepared

Details
From the Assessment Study for the Local Plan carried out by Nortoft Partnerships in 2017 [1], in Nanpantan Ward a provision of 2.45ha of Amenity Green Spaces, Parks and Gardens is shown. This gives a shortfall of more than 5ha in the area [2].

However, before the Assessment Study, Nanpantan lost 0.43 ha of amenity green space at Kirkstone Park (confirmed by the Council) and we have only just over 20% of the amenity green space specified in the provision standard [1].

Amenity green space has been lost even though Nanpantan Ward has the largest per capita shortfall in Charnwood.
NPPF 92 (2018 version) requires that Councils plan positively for the provision of open space.

To provide the social, recreational and cultural facilities and services the community needs, planning policies and decisions should:
a) plan positively for the provision and use of shared spaces, community facilities (such as local shops, meeting places, sports venues, open space, cultural buildings, public houses and places of worship) and other local services to enhance the sustainability of communities and residential environments;

Further, the General policy statement 1(f) of the current Open Spaces Strategy [2] states that changes to open space require consultation with the community. This policy was not followed at Kirkstone.

The pre-submission version of the local plan shows no attempt remedying the situation and recovering this specific lost open space. The local plan must identify the physical site at which this lost open space will be restored.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The local plan must identify and protect the physical site where this lost open space will be restored. The only unallocated open space in the area is at Leconfield ans so the lost open space has to be provided here. CouncilOfficers are aware that Nanpantan residents are keen to work with them in acquiring , funding and managing the replacement open space.
