Subject: Charnwood Borough Council Draft Plan 2021-2037

Dear Sir/Madam

Re' Charnwood Borough Council Draft Plan 2021-2037

We object to local plan for more houses to be built in East Goscote off Melton Road.

This would lead to more traffic on Melton Road and associated safety problems.

Loss of trees and bushes effecting wild life.

Loss of space between neighbouring villages especially as other areas are also under threat of development.

It is known the proposed land is contaminated due to Jelson moving soil from original building of East Goscote village to land proposed for building these houses.

The land floods whenever there is heavy rain, where would this water be diverted?

Local doctor's services are already under pressure increased since Dr Shah retired and Mahivar Medical Centre closed. Dental Practises, Schools and Road under pressure.

At times impossible to park in East Goscote shopping car park.

Syston is a nightmare due to cars parked in Melton Road and shopping car parks full. Extra houses would increase these problems leading to safety problems.

Please take our objections into account when considering this proposal.

Yours sincerely Mr Brian Sydney Pinnock Mrs Veronica Mabel Pinnock
