Exclude from consideration?

Reason: The site has been excluded from consideration at this stage because it is being assessed as a potential Sustainable Urban Extension (SUE) through the Borough Councils Core Strategy. Once the Core Strategy is published and if this site is not taken forward as an SUE, we will then consider it for a smaller scale housing allocation. Therefore, the site will remain in the 'housing pot' until this stage.

Strategic Housing Land Availability Assessment 2009

Site Ref: PSH7 **Site name:** Land west of Barkby

Site size: 8.87 **Estimated No of Dwellings:** 111 with facilities

Suitable: 30% of the site is affected by SFRA flood 3a and so a flood risk assessment would be needed before development was deemed suitable (this part of the site has been excluded when calculating the estimated number of dwellings). There are no known irresolvable physical/environmental constraints preventing development on the rest of the site and a suitable access could be achieved. This site does not have good access to service and facilities but could contribute to the sustainability of the village if it was developed for affordable housing. Information on this site has been sent to the Housing
