

ANTI-SOCIAL BEHAVIOUR
CHARNWOOD COMMUNITY SAFETY PARTNERSHIP MINIMUM STANDARDS
CHARNWOOD BOROUGH COUNCIL'S EXPLANATORY NOTES

Standard 7

Charnwood Borough Council recognises that that it needs the support and buy in of local communities, as well as partner agencies, if it is to bring about sustainable solutions to local issues.

It will seek to encourage this, by making it easy to report anti-social behaviour in Charnwood. We plan to launch an on line report form, specifically for anti-social behaviour. In addition, the Neighbourhood Management Teams coordinate an annual series of borough wide Ward Walks and Partnership Action Weeks.

Charnwood residents are encouraged to assist in the identification of local priorities and to be part of the problem solving solutions, through Key Individual Networks, Neighbourhood Forums and Local Area Forums and Joint Action Groups. Details of Local Area/Community forums can be viewed via the following link:-
