

LEICESTERSHIRE

— Choice based lettings —

November 2010

Charnwood Borough Council's housing waiting list is changing.

We are introducing a new system called choice based lettings in the New Year. This means that properties will be advertised when they become available and that you can bid for the homes you are interested in. We will be running the service in partnership with the other district councils in Leicestershire so there will be opportunities to move to other parts of the county.

When the change takes place in January 2011, we need to make sure that we have all the information we need from you by then and so we are introducing our new application form now. We will still assess your application under the current points system but when we make the change, we will have all the information that we need to convert your application.

We will provide more information about choice based lettings and how it works before it is introduced to make sure that you know how to bid for properties.

In the meantime, if there are any comments you would like to make on our new form, then please let us know.
