

# Help make Loughborough

## How's this for a blooming great offer?

Loughborough Town Centre Partnership are encouraging businesses to support Loughborough's East Midlands in Bloom bid.

Your company can back the project by sponsoring the cost of a colourful hanging basket to adorn the façade of your building.

For only £85 inc VAT, a hanging basket will be supplied and installed by Greenleaf—and the cost includes weekly maintenance and manual

watering over 18 weeks.

East Midlands in Bloom judges will be visiting Loughborough town centre in July to assess our entry—and your support could help make a difference.

Adrian McInnes, the Chair of the Town Centre Partnership, said: "The Partnership very much supports Loughborough in Bloom. "Initiatives like this give the town a boost and helps to create a sense of community pride and loyalty."
