Dear Sir/Madam,

You can now put more materials in your recycling bags!

There have been some improvements to the recycling arrangements which we hope you will be pleased with. This letter explains those changes.

As you may be aware, there are recycling banks near to your flats for paper and cardboard, and for glass bottles and jars. Please continue to use these recycling banks.

In addition to the banks you can use green recycling bags, which are available from the Tenants Association. The green bags are to be used for food and drinks cans, clean foil, empty aerosols and plastics. We can now accept plastics showing the following symbols:

If these symbols do not appear on plastic items, please don't put them in your green bag, as we won't be able to accept them.

Your Housing Officer has marked out designated areas within some of the bin stores for recycling bags to be stored prior to collection. If your bin store does not have a designated area, then please place your recycling bags in the nearest bin store which *does* have this facility.

Please make sure that the recycling bags contain the correct items, otherwise they will not be collected. If you have any questions about what should go in the green bags, please call 01509 634563, or refer to the attached leaflet.

Telephone: 01509 263151 Email: information@charnwood.gov.uk

Visit us at www.charnwood.gov.uk

We do not collect any black bags left outside of the wheelie bins, or if the bin lids are not closed.

Thank you for all your efforts to recycle, we hope that you are pleased with the changes which mean that more can be recycled.

If you have any further questions about the refuse and recycling service please do not hesitate to get back in contact on 01509 634563.

Yours faithfully,

Charity King

Zero Waste Officer
