Dear Ms Lyons

BOROUGH OF CHARNWOOD LOCAL PLAN INSPECTOR'S REPORT- FURTHER CLARIFICATION.

Further to our letter of the 31st July 2000, one further issue has been identified where some further clarification would be appreciated.

This relates to objections by residents of Wanlip to Policy TR/17. This issue is listed as the 13th bulleted issue for TR/17 in the Inspector's report and considered at paragraph 7.147.

I would refer the Inspector to the attached extract from a report to the Local Plan Inquiry Sub-Committee on the 23rd September, which considered these representations. The Committee resolved that a further change be proposed to paragraph 7.97 (FPC 180B) in response to these objections. The change was intended to facilitate closer consultation with local communities in the implementation of the policy. I would also refer the Inspector to the Council's evidence in R/54/4 (paras 5.1 to 5.3), which considered this issue.

Could the Inspector confirm whether he supports Further Proposed Change 180B as it relates to paragraph 7.97?

Yours faithfully

Guy Longley
Principal Local Plans Officer
