Minutes of last meeting and matters arising

The minutes of last meeting were agreed

1 Road Safety –Epinal Way

Cllr Stork was pleased to report that the speed is to be reduced to 30mph from roundabout to Bainbridge Rd with flashing sign.

Lane on roundabout at Quorn to point right after April 2007

Monitoring to be done for 36 hours to give idea of what traffic uses Epinal Way.

We were two incidents short to make priority

Still trying to obtain railings and road surface sign on the Epinal Way near Shelthorpe school.

New crossing on Park Rd still to be agreed, Good Sheppard Church objecting to plans.

Burton Walk we were informed that the Grammar school have requested that all parents write saying that the closure would be a good idea even though they do not live there.

2 Beat Bobby

As Chairs report (could not obtain copy)

3 Street Warden

Liam is back, returned to work at the end of September.

An e-mail was received stating that he has other priorities as well as Shelthorpe.

Apologies given that replies given regarding Liam's absence were not good enough from C.B.C.

4 Park Road Shops

Guest Mr S. Birch informed us of progress on shops.

They are now fully boarded up though the flats above are still open.

Boarding up cost £700-00 still to be paid by owner, request's to Mr Guest (owner's solicitors) as been made with no joy. They accused police of not being vigilant enough.

Suggestion's of approaching land registry was put forward hoping to identify owner.

Mr S.Birch assured us that the boarding up will be kept secure .

5 Shelthorpe Youth Club

Work on going

6 Any Other Business

Mr M.Ray asked what progress was being done on Burton Walk, Camper Van on Shelthorpe Rd and street lighting on Beaumont Rd (inquiry's to be made)

It was also brought to our attention that Woodthorpe Village are requesting training on Bat keeping (very important that we get Bat boxes and wardens on Golf course)
