Guidance: The term "original house" means the house as it was first built or as it stood on 1 July 1948 (if it was built before that date). Although you may not have built an extension to the house, a previous owner may have done so and you should check that there are no restrictive conditions on any planning decision relating to the property. Please follow this link to our [interactive maps](#) where you can check planning history, if "Permitted Development Rights" have been removed or if your property is in a Conservation Area or is a Listed Building. If your house is a Listed Building then Listed Building Consent is likely to be required even if planning permission is not necessary. Our Building Control department has also created a series of [Self assessment forms](#) for you determine whether or not the work you are intending to carry out is exempt from Building Regulations requirements.
