Review Of The Effectiveness Of The Governance Framework

7. The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the senior managers within the Council who have responsibility for the development and maintenance of the governance environment, the annual Internal Audit report, and also by comments made by the external auditors and other review agencies and inspectorates.
8. A summary of the Council's governance framework is set out in the Annex to this statement. The Council considers that its corporate governance arrangements are effective and support the delivery of the principles of good governance.
9. The Council's statutory officers consist of the Head of Paid Service (Chief Executive), the Monitoring Officer (Head of Governance & Human Resources), and the s.151 Officer (Director of Finance, Governance & Contracts). These officers fulfil the required statutory duties associated with their roles, including ensuring that the Council's activities are in accordance with the law and legislative requirements, and that financial budgets are set appropriately and are monitored regularly.
10. The Council's Internal Audit service operates according to an annual audit programme which is developed using a risk based approach designed to ensure that key financial systems and significant Council services are audited at appropriate frequencies so that sufficient assurance on adequacy of the internal control environment and risk management arrangements can be provided.
11. The Council's chief audit executive has produced an annual report for 2021/22 which concluded that based upon the work undertaken by Internal Audit during the year, reasonable assurance can be given that the Council's overall framework of governance, risk management and internal control is adequate and effective.
12. Internal Audit identified four areas of limited assurance during the year, relating to Risk Management, Asset Management, Choice Based Lettings, and HRA Electoral Safety. Management have agreed to implement all of the resulting recommendations, and implementation will be monitored by the Internal Audit team.
13. The s151 officer has undertaken a review of the effectiveness of the Council's system of internal control, as required by the Accounts and Audit Regulations 2015. Section 3 of the Regulations state that:

A relevant authority must ensure that it has a sound system of internal control which—

- (a) facilitates the effective exercise of its functions and the achievement of its aims and objectives;*
- (b) ensures that the financial and operational management of the authority is effective; and*
- (c) includes effective arrangements for the management of risk.*

Section 6 of the Regulations requires that:

A relevant authority must, each financial year; (a) conduct a review of the effectiveness of the system of internal control required by regulation 3.

14. In conducting his review the s151 officer observed the following matters:
 - The Council has an extant Corporate Strategy and Business Plan, together with other supporting strategies and policies that provide direction and guidance to the effective exercise of its functions and fulfilment of its objectives
 - The Council has well established governance arrangements and protocols that ensure that there is adequate oversight over decision making and that decisions are supported by appropriate legal and financial clearances;
 - Controls over decision making are balanced with use of delegations to ensure that decision making is at the right level and not overly centralised, and can be conducted on a timely basis
 - Financial management of the Council is based on the Financial Regulations and Financial Procedure rules that cover procurement and expenditure matters; these rules are reviewed regularly and overseen by an experienced and well qualified team
 - Financial management and control processes are also underpinned by the internal audit function and the role of Members through the Cabinet, Committee and Scrutiny processes
 - Risk management processes are recorded and managed both at Member level, through the auspices of Cabinet and the Audit Committee, and amongst senior officers through the regular Corporate Leadership Team risk management workshops
 - A strategic risk register is approved annually by Cabinet, and kept under regular review by the Audit Committee and the Corporate Leadership Team
 - The COVID pandemic required the Council to create new systems and processes, particularly around the processing and payment of business and other grants in short order; this was successfully managed and controlled through a mix of pre and post-payment checks led by the internal audit team and the detailed reconciliations of disbursements and receipts (which has continued into the 2022/23 financial year)
 - Generally, in the opinion of the s151 officer the Council member and officer groups, have sufficient independence, experience, capability, capacity and qualifications to ensure that segregation of duties exist, that decisions are adequately supported and robustly challenged.
15. Based on his review, the s151 officer has concluded that overall the Council's system of internal control is effective.
16. Senior managers, and the Audit Committee and Scrutiny Committees are responsible for receiving and considering regular monitoring reports in respect of the risk management framework, the performance management framework, and

the work of Internal Audit. The Audit Committee also receive and consider any reports arising from the work of the external auditors.

17. These arrangements and processes ensure that the Council's corporate governance and internal control arrangements are kept under regular and ongoing review throughout each financial year.
18. Additionally, as part of the process to produce the Annual Governance Statement, a comprehensive review of all sources of evidence, including external review, audit and inspection work undertaken during the year, has been undertaken.
19. The annual audit letter issued by the external auditors (Mazars) for 2020/21 did not identify any significant internal control issues.

Assurance Opinion

20. The Council considers that overall the governance arrangements in place during 2021/22 provided a significant level of assurance, and continue to be fit for purpose.

Action Plan For 2022/23

21. No actions have been identified.

Progress Against Actions Raised In The Previous Year's Annual Governance Statement

22. No actions were identified in the previous Annual Governance Statement.

Conformance With The Governance Requirements Of The CIPFA Statement On The Role Of The Chief Finance Officer

22. The Chief Financial Officer of the Council is the Director of Governance, Governance & Contracts. This role is one of four that comprise the Council's senior leadership team and reports directly to the Chief Executive. These arrangements, both in design and in day to day practice, enable the financial aspects of material business decisions to be given due weight.
23. The Council maintains an effective system of financial control which is clearly set out within the Council's financial regulations and procedure rules. Control and oversight is facilitated by an effective internal audit function and underpinned by a strong culture of careful management of public money demonstrated by all managers. The efficacy of the control environment can be evidenced through the Council's recent history of financial outturns, and the timeliness and quality of its financial statements and other financial returns.
24. The Chief Financial Officer is the Council's Section 151 Officer (from section 151, Local Government Act 1972) and in accordance with the statutory requirements covering this role has an appropriate accountancy qualification, being a member

of the Institute of Chartered Accountants in England and Wales. The Deputy Section 151 Officer (who is the Council's Head of Finance) is a member of the Association of Chartered Certified Accountants. Both have significant experience in local government. In the view of the Chief Financial Officer, the Council's finance function is considered adequately resourced and contains a mix of staff with appropriate levels of professional qualifications and experience.

25. In the opinion of the Chief Financial Officer the authority's financial management arrangements conform with the requirements of the *CIPFA Statement on the Role of the Chief Financial Officer in Local Government*.

Conclusion

26. The Council is committed to the principles of sound and effective governance, and will continue to monitor implementation as part of the next annual review.
