YOUR COMMENTS ON THE CASE

Rather than build YET more houses in this village, more houses that are going to remove its village status and just make it joined up with East Goscote, more houses that bring in more people to a place where there are no more places at the local school, such that the current locals can't get their children into; where there are not enough doctor practices, and already more than enough cars on our local roads to create traffic jams!

Rather than creating yet more housing thus destroying yet more natural habitat for our ever diminishing wildlife, take a leaf out of Leicestershire County Council who are creating a tree nursery in partnership with the National Forest company, and use the area to benefit the environment and not the ever increasing human kind. This is Not just a world for the human race, it belongs to every species. Let the house builders build in existing towns and cities and not ruin the countryside. Their only objective is to make money!
