Subject: RE: Land off Leconfield Road, Nanpantan (P/20/2199/2)

Morning, Ann

Thank you for the update. We are currently preparing responses to the NWRG's latest objection, with particular regard to matters relating to landscape impact, the buffer to the woodland proposed in our scheme and ecology and hope to have those with you before the end of next week - we will hopefully have had sight of the comments from the Wildlife Trust and the Council's ecologist by that time too.

Thank you also for forwarding a copy of Natural England's comments on our updated information. I note from this that they have no objections to the proposal subject to a condition securing the submission and approval of a CEMP, which aligns with their original consultation response of 8th March 2021. As highlighted in our updated information recently submitted, Natural England's original consultation response also welcomed the buffer to the woodland as proposed in our scheme and they have made no comment on this in their latest consultation response, so clearly have no issues with this element of the proposals whatsoever.

Kind Regards

Carl Stott
Director
