Carl,

Thanks for this.

Considering the timescales, CBC undertook a land registry search and found that there are no intervening parcels of land under separate ownership and are proceeding on that basis.

Kind regards,

Mark

Further to Simon's email (below) and re-attached legal letter, can I suggest that a copy of the letter is circulated to members of the Plans committee by way a later paper, or similar?

If you can confirm your position at an early convenience on the substantive matter the subject of the letter and the procedure involved in furnishing members with this information, it would be helpful and appreciated.

Kind Regards

Carl Stott
