WHY PLAN NOT SOUND	MODIFICATIONS	HEARINGS	HEARING SESSIONS
<p>In and around Barrow the density of traffic increases by the year and seems set to get worse, making cycling ever more hazardous for those who do and unattractive for those who don't.</p> <p>It is hard to understand why no mention is made of providing safe access to existing cycle routes from the Soar Valley villages when Government policy is to encourage the activity.</p> <p>If I may give one example from Barrow, it is the complete lack of safe cycle access to 'The Slabs' cycle and walkway which already connects safely to the 'Old A6 - NCN 6'.</p>	<p>I urge you to include safer and more attractive cycling facilities for the Soar Valley villages in your plans before it is too late and cycling is reduced to an activity for the diehard only.</p>	<p>No</p>
