<p>Fields in Trust Guidance for Outdoor Sport and Play [1] states</p> <p>Our Guidance might also be additionally used within the local planning process to help determine which spaces may be appropriate to designate as 'Local Green Space', offering a level of protection within the planning system, for instance if a space is shown to be key to meeting a community's provision standard for playing pitches or amenity green space.</p> <p>The provision standard in Leconfield for amenity green space is 7.6ha [2], but only 2ha is actually provided. This is the largest per capita shortfall in the Borough. The residents have made an extremely strong case for LGS designation at the Leconfield Road site [3] and this is the last unallocated site in the Ward. This site is clearly needed to meet the community's provision standard.</p>	<p>Under Fields in Trust Guidance, Leconfield Road should have Local Green Space status. Modify the Local Plan Local Green Space Assessment 2021 accordingly.</p>	<p>No</p>
