Subject: Proposed plans Barkby and Barkbythorpe, Leicester

To whom it may concern

We live on Barkbythorpe Lane and have just seen proposed plans for future housing in our area.

Our objections are:

- The traffic in this area is already at a dangerous level
- The proposed new road will pass right behind our property and noise will be a major problem
- We have experienced some flooding and the amount of properties to be built will increase this
- We live in a Victorian property and I am very concerned that the amount of heavy traffic needed to do construction work could affect my property
- We will lose our identity as a small village area

Unfortunately builders and construction companies are not concerned about local people's health and safety, just profits. These will both be put in danger due to the amount of traffic during and after the work is done.

I would hope that as a caring council you will take these comments seriously.

Concerned residents
