WHICH TABLE	WHY PLAN NOT SOUND	MODIFICATIONS	HEARINGS	HEARING SESSIONS
	I believe the local plan as it stands is unsound because the land proposed for LSEP and also for HA18 is prone to flooding. These proposals also remove a critical and valuable environmental barrier between the busy motorway and A512 and the housing of west loughborough. Holywell wood and Burleigh wood rely on the water feeding them from streams to the west, and the open space allows for wildlife includes foxes and deer to reach the wood through the countryside.	My suggestion would instead be that HA18 was planted up with trees to avoid any potential flooding and LSEP was split between employment land, housing land and green land. Employment land should be alongside the A512 with housing and green land inbetween - but the woods need protecting from a development that will stop wildlife and water maintaining the biodiversity of those woods.
