Subject: Charnwood Local Plan 2021- 37

Dear Sirs

I wish to state how unhappy I am with regard to your Local Plan 2021-37 with an increase in housing numbers in excess of 1500 homes . This is being recommended in addition to the commitment already placed at Thorpebury of an additional 4500 houses , we are thus looking at a potential of 6000 houses in total .which I suggest is quite beyond any reasonable need . There appear to be no contingency plans to cope with dramatic increase in the volumes of traffic , most houses have 2 cars and so we are looking at a further 12000 cars on the road!!!!

This is quite irresponsible with the present arrangements we have for the present road system . Even now Queniborough has far too much traffic coming through the Main Street increased by motorists using this route as a shortcut from the A47 and vice versa . Even now a bypass is required and there does not appear to be any weight limit in force

The answer is quite clear, we do not want increased housing , increased traffic and increased requirements for Doctors and Surgeries . It is to be hoped that those responsible will apply some common sense to the whole position and avoid such outcomes
