WHY PLAN NOT SOUND	MODIFICATIONS	HEARINGS	HEARING SESSIONS
New village-style communities will need more than a school to limit unnecessary use of cars and buses. Further facilities would help: GP surgeries, if there are still sufficient GPs in the U.K.; a community centre that can provide a venue for outreach classes and village activities; a library, possibly a visiting library bus; local shops; allotments, and an office/workshop building in which space can be rented would all help to further a cohesive and climate crisis aware response to the need to adapt our ways of living.	See above.	Yes	Sometimes it helps to have a voice, and greater amplification of the rationale underpinning suggestions heard by others.
