WHY PLAN NOT SOUND	MODIFICATIONS	HEARINGS	HEARING SESSIONS
<p>I have read the guidance offered in support of the consultation on the website.</p> <p>How on earth is a member of the public (except a few who have appropriate training or experience) expected to judge whether the plans are legal?</p> <p>I've answered no to legality, soundness and duty to co-operate questions as they are clearly ludicrous.</p> <p>As for</p> <p>Policy SUA1: Shepshed Urban Area</p> <p>This and the subsequent plans and policies seems to contain only one cursory reference to health services -</p> <p>"We will work with the West Leicestershire Clinical Commissioning Group and local health providers to help meet the increased demands on local GP practices."</p> <p>I further note that in general comments at the start, an average figure of around 8000 patients per GP practice is mentioned. It would be good to see the figures for each practice.</p> <p>Shepshed doctors surgeries are full. For someone who works full time it is practically impossible to get an appointment, or even to contact the surgery by phone because they are overwhelmed.</p> <p>This is the consequence of allowing several new estates to be built in recent years but failing to provide capacity for health care.</p>		No

			Plans for housing on this site were approved in March, so it's hard to see how the policy supporting the site on condition of a cost contribution to a new school can be implemented - hasn't that ship sailed already?		No
