Dear Mr Morgan

I have been looking at the Charnwood Local Plan and have multiple concerns over the environmental impact of development on the unique and beautiful landscape of Loughborough.

I have particular concerns over increased flooding risk, damage to wildlife and the changing of the aesthetics of landscape regarding plans over HA16 and HA17 off Bramcote and Moat Road. As well as development at Leconfield.

I hope you can advocate for a more environmentally considered plan.

Yours sincerely

Dr Steven Coles
