<p>I am against the proposal to build on the land at the end of Cliffe Rd and Henson Drive in Birstall. I feel this land marks an important green barrier between Leicester city and Leicestershire. As a family we frequently walk on this land and it was invaluable during lockdown. At a time when numerous health crisis mean physical exercise is of a great importance I think it is a shame to loose so much green space. In fact a lot of the green space around birstall is being eaten up by housing developments, and the area is slowly loosing its character. There is also the environmental impact. There is a great deal of wildlife in the area that will loose their natural habitat. As with all the housing plans there is also the worry of how it will affect the local infrastructure. Schools, doctors and roads are all facing increasing demands. Park road leading up to Cliffe Road is already a nightmare. It is narrow with lots of parked cars and tight bends. The stretch over the railway bridge is uneven, has no pavement and is difficult to use with prams. Adding extra traffic to this road will be detrimental to all residents and I think raise serious safety concerns. There is also the undoubted impact it will have to traffic on Green Gate lane.</p>		No
