**Subject:** 90 new houses Thrussington

I do not believe Thrussington is a suitable location for any new housing. I am a wheelchair user and the paths already get parked on making it impossible for me to get without having to go on the road. Which will only get worse with more traffic. The sewers are not equipped for more houses. The water pressure is too low. The WiFi is very slow. There are no buses. There is no children's play area. Parking around the school is really bad. Parking around the green is bad. The roads coming in and out of the village are already bad but they will be worse.
