Under the provisions of the Corporate Strategy 2020 - 24, there is a commitment to ensure that a growth in homes and infrastructure benefits residents through improved community facilities.

Planning agreements negotiated with developers and land owners under Section 106 of the Town and Country Planning Act 1990 (as amended) provide a vehicle for the delivery of contributions towards infrastructure, facilities and amenities which should be:

- Necessary to make the development acceptable in planning terms
- Directly related to the development
- Fairly and reasonable related in scale and kind to the development

## Detail

Within Syston there are a number of section 106 agreements that have been negotiated, with contributions for Children's Play and Youth and Adult Recreation.

Syston Town Council have been working on a replacement sports pavilion scheme, recognising that the existing pavilion is in need of upgrade and extension. The pavilion is predominantly used by local football teams including senior, junior, male, female and disabled teams. In addition, it is anticipated that a refurbished / extended sports pavilion will also accommodate other community activities and will provide an additional resource for room hire.

Syston Town Council have been working with the Football Association, who are supportive of the scheme and are assisting with a Football Foundation application. The Town Council have been successful with their Football Foundation application and have been awarded £181,932, the overall project costs inclusive of all fees are in the region of £403,000. DD185 2019 approved the use of £40,479.30 of section 106 monies as part of the 50% match funding towards the Football Foundation application. Over the period the costs have increased by approximately £25,000 and the Town Council have requested some additional s106 monies to be utilised towards the project. The Town Council are contributing circa £180,000 towards the project.

Officers are satisfied that the scheme meets the criteria for the use of the section 106 monies. The money will not be released to the Syston Town Council until invoices have been received to ensure verification that the money has been spent. It is anticipated that phased payments will be made which will also cover project management costs and construction costs.

Syston Town Council have provided information in relation to this project including planning permission consent, architect design drawings, evidence of security of tenure, confirmation of the management arrangements for the facility and confirmation of the Football Foundation funding.
