

Delivering for communities in Charnwood

Charnwood Borough Council is committed to delivering for our communities.

We provide a range of day-to-day services with everything from bin collections and cleaning the streets to attracting investment to the borough and operating leisure centres.

In the coming year we will also:

Allocate £100,000 to support residents with the cost of living crisis

Freeze the garden waste charge

Continue to deliver over £50 million of investment through Loughborough Town Deal and the UK Shared Prosperity Fund

Carefully manage Council finances & not use general reserves

Charnwood Borough Council receives around 7% of your total Council Tax bill

Charnwood

Delivering for communities in Charnwood

What we have done In the past 12 months:

4,000

trees have been given away to residents and community groups

£1m

to improve repairs services and complete works at empty properties faster

Installed EV charging points at Sileby & Anstey car parks

Organised events that have brought thousands of visitors to the borough

Declared a climate emergency and published a new Climate Change Strategy

Supported communities hit by flooding

Sign up to our garden waste service

No need for a trip to the tip!
