

## **Suggested amendment to Paragraph 2.63 in relation to DS2 - Blaby DC**

We suggest the following amendments to para 2.63 of the Charnwood Local Plan:

- wording that recognises Charnwood have accommodated their apportionment of housing and employment unmet need within the plan.
- replaces the word 'establish' with 'to monitor progress on' the unmet need
- takes text from paragraph 5.5 (set out in full below) from the SoCG to indicate that a review of the apportionment will take place if Leicester or others cannot meet their apportionment:

*The above apportionment (Table 3 and 4 above) is intended to be implemented through individual local plans. These figures will therefore need to be tested through each authority's Local Plan process. The authorities agree that if an authority's local plan process identifies that it is not able to provide for their own objectively assessed needs as well as any unmet need apportioned in this statement (as set out in paragraph 11b of the NPPF), the apportionment of unmet need will need to be jointly reviewed and updated as necessary. The process used for this review will be proportionate to the scale of the issue and should not cause undue delay to the preparation of Local Plans.*
