

'Make it'

Watery Whale Mobile

Beautiful Whale inspired decoration!

You will need,

- Stiff white Paper or Card
- Scissors
- Pens and pencils
- Chalks or Pastel sticks
- Sticky Tape
- Cotton bud
- Hairspray (Optional)
- Thread

How to make

- Copy 3 of the whale shapes onto your white card. They can be all the same size or different sizes.
- Outline your drawings in black pen, then use the chalks or pastels to colour in your whales. (use any colouring pens or pencils if you don't have chalks.)
- HINT - Use your finger and a cotton bud if you have one to 'blend' the colours together.
- To stop the colour coming off, ask a grown up if they have any hairspray. Spray your drawing and then let it dry.
- Carefully cut out your shapes.
- Use the sticky tape to attach the thread on the back of the whales.
- Hang up and enjoy!!
We put ours on a door handle!!
