Drivers are advised to:
- Avoid travelling on the route itself. Instead consider making short journeys on foot or using off-road cycle routes. Vehicles travelling along the same route will have limited opportunities to pass the convoy.
- Use alternative routes (signed diversions are not planned because of the nature of the rolling closure) and allow for expected delay.

The London Organising Committee of the Olympic and Paralympic Games (LOCOG) has chosen Leicester, Leicestershire and Rutland to stage a full dress rehearsal to test the operations around the Olympic Torch Relay.

The dress rehearsal will test the Leicester to Peterborough stretch of the route, an 80-mile journey which represents a typical day of the Olympic Torch Relay.

The primary objective is to test the convoy, crew and communications procedures in advance of the 70-day Relay, rather than encourage people to line the streets as the convoy passes through communities.

*The Olympic Torch Relay will visit Leicester, Leicestershire and Rutland over two days - 2/3 July.
