

**Your Reference:** Charnwood

**Our reference:** UK\_ROW\_11\_CT\_27092023

**Dear Sir/Madam,**

Responding to your Line Plant Enquiry we would like to inform you that Arelion's network is not in vicinity of the location which was detailed in your enquiry

Our team is seeking opportunity to cooperate with Enquirers whose enquiries are targeting locations far away from our network. Our intention is to reduce the number of out-of-area requests and save time and manpower on both sides. If you can utilize our network KMZ map to see where our network is located and to pre-filter the enquiries which are far from our network, please contact us at [check-network@arelion.com](mailto:check-network@arelion.com) and we will provide you a KMZ network map.
