

Charnwood Local Plan – Post Hearing Consultation Response

East Leake Parish Council

East Leake Parish Council would like to make the following comments to the above:

- There will be a site near to Cotes which is close to the Rushcliffe boundary and may impact on local schools and health facilities. This new settlement should be carefully considered, and a Transport Assessment is required.
- Ensure there are open spaces between villages.
- Welcome the idea of Health Care provision in Loughborough Town Centre
