

# Warm homes

This is a challenging time for everyone, and you may find yourself under financial, practical or emotional strain at present, or over the coming months.

For these reasons, having a home that's warm, comfortable and affordable to run is more important than ever – and that's why we're here to help you through this crisis.

GET READY  
FOR WINTER

# Warm homes

As well as helping you check whether you're eligible to have fully-funded gas central heating fitted in your home, we can support you with the following:

Gas connection installation

Local Area Coordination and local support hubs for those isolating

Priority Services registration

Onward referrals for other areas of advice via **First Contact Plus**

Benefit checks

e.g. home fire safety checks, weight management, QuitReady, assistive technology, befriending services etc

Tariff advice

Access to heating and insulation grants

Get in touch today to register your interest and find out more about how we can support you over this period.
