Part B

Background

1. An Annual Governance Statement (AGS) is a requisite part of the published statement of accounts. Although forming part of the statement of accounts, it is good practice to consider the AGS separately to the accounts.
2. The Chartered Institute of Public Finance & Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) issued joint updated guidance on corporate governance in 2016. The guidance sets out updated requirements for AGS, which includes a requirement that:

‘The annual governance statement should provide a meaningful but brief communication regarding the review of governance that has taken place, including the role of the governance structures involved (such as the authority, the audit and other committees). It should be high level, strategic, and written in an open and readable style’.

3. The guidance also sets out six sections which must be included within the statement, which in summary are:
 - An acknowledgement of responsibility for a sound system of governance,
 - Reference to and assessment of the effectiveness of the key elements of the governance framework,
 - An opinion on the level of assurance that the governance arrangements can provide,
 - An action plan to deal with significant governance issues,
 - Reference to the resolution of issues from the previous year,
 - A conclusion and commitment to monitoring implementation.
4. The AGS, which has been prepared in accordance with the revised guidance, is included in the statement of accounts being considered by the committee elsewhere on the agenda for this meeting.
5. The Council's governance framework is summarised in the annex to the AGS, and has been in place throughout 2017/18. This committee plays a key role in overseeing the operation of the framework, including:
 - receiving quarterly update reports on the strategic risk register, and operational risk registers by exception,
 - approving the annual Internal Audit plan,
 - receiving quarterly updates on the work of Internal Audit,
 - receiving the annual Internal Audit report,
 - receiving reports from the external auditors,
 - annually reviewing the Code of Corporate Governance and approving amendments to it.

6. This ongoing work of the committee culminates in the consideration of the Annual Governance Statement.
7. Paragraph 23 of the AGS sets out the significant issues which have arisen from the review of effectiveness, and proposals for addressing them, which are:
 - Produce and implement an action plan to address the recommendations arising from the LGA peer challenge,
 - Produce and implement an action plan to address the recommendations arising from the CfPS scrutiny review.
8. The CIPFA/SOLACE guidance outlines 7 core principles for good governance, with a number of supporting sub-principles. The core principles are:
 - A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.**
 - B. Ensuring openness and comprehensive stakeholder engagement.**
 - C. Defining outcomes in terms of sustainable economic, social, and environmental benefits.**
 - D. Determining the interventions necessary to optimise the achievement of the intended outcomes.**
 - E. Developing the entity's capacity, including the capability of its leadership and the individuals within it.**
 - F. Managing risks and performance through robust internal control and strong public financial management.**
 - G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability.**
9. As stated in the AGS, the Code of Corporate Governance has been reviewed against the revised Framework, and the Code is attached as Appendix A to this report for the Committee to consider. No amendments are proposed.
10. The Code sets out the Council's commitment to the principles and sub-principles within the new Framework, and also summarises the Council's governance framework arrangements against each of the principles and sub-principles.

CHARNWOOD BOROUGH COUNCIL – CODE OF CORPORATE GOVERNANCE

Charnwood Borough Council is fully committed to the principles of good governance, as set out in the ‘delivering good governance in Local Government Framework 2016 Edition’ (the Framework) produced by CIPFA and SOLACE.

The Council has adopted the core principles and sub-principles as set out in the Framework and which are set out below, together with a summary of how the Council’s governance framework seeks to support and achieve them.

The Committee is responsible for overseeing the Council’s governance framework and arrangements, including reviewing this Code on an annual basis to ensure it remains relevant, up to date, and in line with best practice.

CORE PRINCIPLES (SHOWN IN BOLD)	SUB-PRINCIPLES (SHOWN IN BOLD), AND HOW CHARNWOOD BOROUGH COUNCIL ACHIEVES THEM WITHIN ITS GOVERNANCE FRAMEWORK

Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law</p> <p>Charnwood Borough Council is accountable not only for how much we spend, but also for how we use the resources under our stewardship. This includes accountability for outputs, both positive and negative, and for the outcomes we have achieved. In addition, we have an overarching responsibility to serve the public interest in adhering to the requirements of legislation and government policies. It is essential that, as a whole, we can demonstrate the appropriateness of all our actions across all activities and have mechanisms in place to encourage and enforce adherence to ethical values and to respect the rule of law.</p>	<p>Behaving with integrity</p> <ul style="list-style-type: none"> • Codes of Conduct are in place for Members and for Officers • The Member Code of Conduct was approved by full Council, and incorporates the Nolan Principles • There is a Member Conduct Committee which has oversight of the Member Code of Conduct, and which is responsible for ensuring that members behave with integrity • The Member Code of Conduct specifies the requirements for members who have interests in matters under consideration to disclose them and to act appropriately to minimise potential conflicts of interest. <p>Demonstrating strong commitment to ethical values</p> <ul style="list-style-type: none"> • There is a process in place to deal with complaints that members may have breached the Code of Conduct • There is an agreed and publicised process for people to raise concerns in confidence about ethics and other issues (whistle-blowing policy). <p>Respecting the rule of law</p> <ul style="list-style-type: none"> • All recommendations for decisions by members are subject to legal consideration and clearance to ensure that they are lawful and procedurally correct • Suitable statutory officer arrangements are in place (head of paid service, monitoring officer, and s151 officer), together with deputies where required

Determining the right mix of these courses of action is a critically important strategic choice that the Council has to make to ensure intended outcomes are achieved. We have robust decision-making mechanisms to ensure that our defined outcomes can be achieved in a way that provides the best trade-off between the various types of resource inputs while still enabling effective and efficient operations. Decisions made are reviewed frequently to ensure that achievement of outcomes is optimised.</p>	<p>Determining interventions</p> <ul style="list-style-type: none"> • Councillors making decisions receive detailed reports from officers with recommendations which are supported by an objective and rigorous analysis of options, including the financial and resource implications and the associated risks • Where appropriate consultation is undertaken with citizens and stakeholders, and their feedback is taken into account when making decisions. <p>Planning interventions</p> <ul style="list-style-type: none"> • The Council has a schedule setting out the periods covered by all its key strategies and policies and the dates on which they are due to be reviewed and updated • Where appropriate, during the development and updating of policies and strategies key performance indicators and risks are identified • The medium term financial strategy is reviewed and updated annually to ensure that realistic estimates are available for a sustainable funding strategy. <p>Optimising achievement of intended outcomes</p> <ul style="list-style-type: none"> • The medium term financial strategy integrates and balances service priorities, affordability and other resource constraints.

The Council must ensure that it has both the capacity to fulfil its own mandate and to make certain that there are policies in place to guarantee that its management has the operational capacity for the organisation as a whole. Because both individuals and the environment in which the Council operates will change over time, there will be a continuous need to develop our capacity as well as the skills and experience of individual staff members. Leadership in local government is strengthened by participation of people with many different types of backgrounds, reflecting the structure and diversity of communities.</p>	<p>and maintained to face the current and future needs of the Council.</p> <p>Developing the capability of the Council's leadership and other individuals</p> <ul style="list-style-type: none"> • The Constitution sets out the decisions that are delegated to officers and those which are reserved for collective decision making by the relevant committee • The Leader and the Chief Executive have a clear and shared understanding of their respective leadership roles and responsibilities • Officers have regular personal reviews which include an assessment of their ongoing training and development needs, and there is also a corporate training programme to ensure that corporate development needs are identified and delivered • There is a Member Development Member Reference Group of Councillors who oversee the member development programme, which provides regular training and development opportunities for all Councillors • The Council has achieved the East Midlands Member Development Charter, demonstrating its commitment to the importance of training and development for its Councillors • Officers have access to a free and confidential counselling service.
<p>F. Managing risks and performance through robust internal control and strong public financial management</p> <p>Local government needs to ensure that the organisations and governance structures that it oversees have implemented, and can sustain, an effective performance management system that facilitates effective and efficient delivery of planned services. Risk management and internal control are important and integral parts of a performance management system and are crucial to the achievement of outcomes. Risk should be considered and addressed as part of all decision making activities.</p>	<p>Managing risk</p> <ul style="list-style-type: none"> • There is a risk assessment framework for all decisions taken by Councillors and by officers under delegated authority, and any risks identified and recorded, assessed and mitigating actions are set out where appropriate • The Council has a three tier risk management system, consisting of a high level strategic risk register which is approved annually by Cabinet and monitored by the Audit Committee, a corporate risk register which is reviewed quarterly by the Corporate Management Team, and operational risk registers which are included within service team plans. <p>Managing performance</p> <ul style="list-style-type: none"> • The Performance Scrutiny Panel has responsibility for overseeing the Council's performance in delivering its agreed outcomes and targets for key performance indicators • The Policy Scrutiny Group has responsibility for scrutinising policies and strategies as they are developed and before they are subject to decisions to implement them
